Hope College, Holland, Michigan

January 11, 1963

Hope Trustees To Re-Open Dance Issue

At the Dec. 14 meeting of the Executive Committee of the Board of Trustees, the recommendations of the Student Life Committee concerning the social program were approved.

These recommendations called first for dancing to be one of several activities possible in the proposed, temporary Student Center. The specific times of such activity will be determined by the Student Council and the Student Life Committee.

The second part of the recommendation was that well-planned dances should be held on campus, the number and location of such dances to be determined by the Dean of Students or the Student Life Committee. Both recommendations were accepted.

The Executive Committee also

MOMENTS OF DECISION—Miss Hellenga, Vincent Kleyla, Rick Brandsma, Dr. Lars Granberg, Dean Harvey and Dr. Lubbers are part of the committee which met Wednesday, in newly completed President's Room, to discuss the new ruling by the Board of Trustees.

took action to require all non-commuting men students to live in campus housing units beginning September, 1963. With the completion of the new men's housing units this summer, Hope College for the first time in its history will have adequate housing facilities to accommodate non-commuting men students.

According to Vice-President Hollenbach, this requirement "will provide all resident men students with adequate opportunity for effective study and counseling help, organized activity, and house government that are part of the educational advantages of a residential college."

Brandsma Comments on Dancing; Council Plans for Next Semester

Dancing on campus was proposed last October by the Student Council to the Student Life Committee. The Committee approved, but the action was delayed by a ruling of the Board of Trustees against on-campus dancing. Lynn Adams, Rick Brandsma, Dean Harvey and Professor Sherburne were appointed to a Student Life Subcommittee to present the question to the Board's executive committee at their Dec. 14 meeting. The Board's affirmative answer, reservations intact, was announced Wednesday.

Following the Wednesday meeting, president Brandsma grinned, commenting that the acceptance "was only a natural development and had to come soon-

er or later. The students have been waiting."

"I'm happy," he continued, "as this shows the Board's confidence in the Student Life Committee by placing the whole matter of dancing in its hands. We'll have to be careful in implementing our freedom."

"Probably the first application of the freedom will be in planning the Juliana Room activity. We need to buy equipment, find people to work and decide the management yet, but we hope to have it all rolling in March. The first major dance will be May Day, when we could use the dining hall, patio and lounge in Phelps. Holland's Civic Center has already been signed up for the All-College Formal in late March."

"I hope that this action will prove to students that the Council is interested in their discontents and is willing to, and can do something about them. Dancing on campus should be a spring board from which other future improvements will come," Brandsma concluded.

New Central Heating System To Come

Contracts were awarded Tuesday afternoon, December 18, for a \$150,000 addition to the Hope College central heating plant.

General contractor for the addition is the Beckering Construction Company of Grand Rapids. The electrical contractor is De Fouw of Holland and the mechanical contractor is Industrial Piping Service of Holland. Construction is scheduled to begin immediately.

The present heating plant will be doubled in size. Two additional Wicks Boilers will be installed which will supply all foreseeable demands for heat for the next decade.

The six dormitory units cur-

Executives Name New Dorms Gilmore, Nykerk Buildings

By action of the Executive Board of the Hope College Board of Trustees, two buildings on the campus will be named in honor of former members of the faculty.

The new women's dormitory, currently being constructed on the corner of 10th and Columbia, will be called Gilmore Hall in memory of Christine Van Raalte Gilmore who was principal in charge of women at Hope from 1887 until 1907. She was appointed Dean of Women in 1907 and resigned from this position in 1909. Mrs. Gilmore was a daughter of the Rev. A. C. Van Raalte, founder of the college. She died in April, 1933.

The college music hall, which has gone unnamed since it was opened in the fall of 1956, will be called Nykerk Hall of Music, honoring Dr. John B. Nykerk who taught music and English at Hope from 1885 until 1935. Dr. Nykerk received his B.A. degree from Hope in 1885 and an honorary Lit.D. degree in 1920. He died in 1936.

Nykerk was instrumental in starting the Nykerk Cup Contest which annually pits the freshmen women against the sophomore women in a contest of song, oration, and a one-act play.

Second Semester Study Schedules To Be Completed

Second semester registration process will begin in Carnegie gym, Tuesday, Jan. 29. All registrations must be completed on this date, including settlement of fees. A \$5.00 penalty will be charged for those registering late.

The registration will begin in the gym at 8:30 a.m. and last until 3:00 p.m., according to the alphabetical arrangements which are listed in Van Raalte.

The new semester classes will commence Wednesday, Jan. 30.

WINNER—An over ten foot high snow sculpture of Duke, the Fraternal dog, won first place for the society in the fraternity division of the first annual Winter Carnival held before the holidays.

Late Snips and Short Snorts

FINALISTS ANNOUNCED: Seniors Roger Kobes, Paul Lucas, Jean Louret, Mary Peelen, Barbara Walvoord, and Tom Werge had final interviews yesterday for Woodrow Wilson Fellowship in Lansing.

POWER FAILURE: And suddenly all one could see was a myriad of little red glows. This was the situation in one area of Graves basement at 12:00 noon Wednesday as a power failure at the Holland light plant left much

of the eastern part of Holland without electricity. Plant officials reported that a boiler failure was the cause of the power cutoff which lasted 35 minutes. Phelps Hall dined at noon by candle light.

DEADLINE: Seniors are urged to return pictures to the Milestone office by Jan. 25, the final deadline, according to the editors.

WINNERS: Jacob Ngwa, a Hope freshman from Cameroon, West Africa, and Sue Hitt, a freshman from Merion Station, Pa., were first and second place winners of the annual Meengs Speech Contest before vacation.

WHERE'S THIS? A columnist for the Chicago Daily News recently ruminated: "Outside of a handful of large cities in America, a small town that contains a good college with a bad football team is the best place to live."

MORTAR BOARD tomorrow night shows "The Bicycle Thief," a story of a man and his son.

"The Bicycle Thief" To Be Shown Saturday Night In Music Auditorium

From post-war Italy comes a film depicting "the poignant and bitter irony of an ordinary man

buffeted by an indifferent world," acclaimed by the most perceptive critics to be a triumph of human insight and artistic expressions.

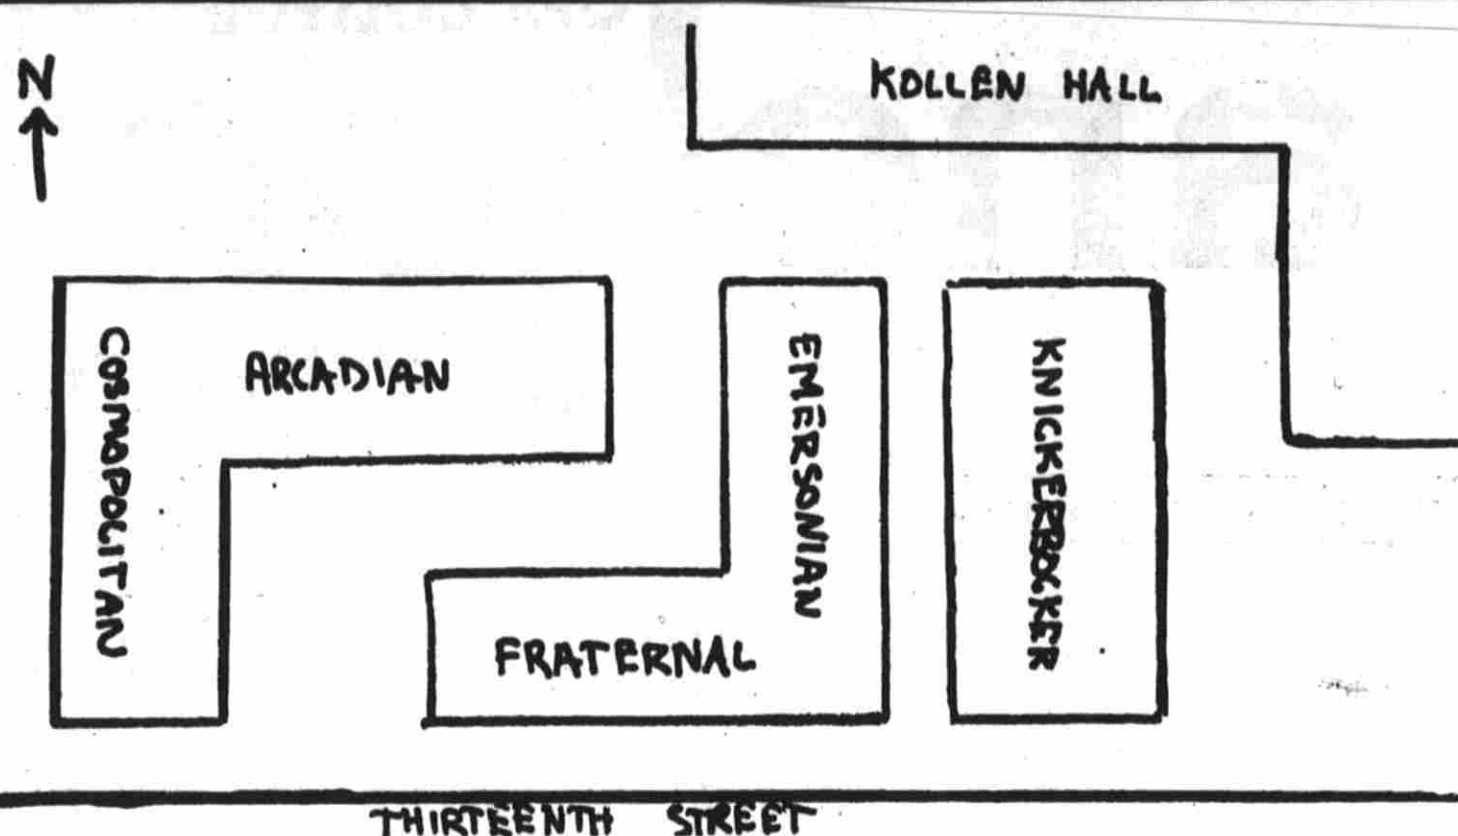

"The Bicycle Thief" will be shown by Mortar Board tomorrow night at 7:00 and 9:00 in the Music Auditorium. Admission will be 50c.

Directed by Vittorio de Sica, "The Bicycle Thief" tells the story of a man and his son as they search through the streets of Rome for the boy's bicycle, stolen just when he needed it for a long-sought job.

The film is the winner of three international film awards, as well as three from the U. S. The British Film Institute, the New York Times, Time, and the New Yorker declared "The Bicycle Thief" as "a masterpiece" and "the best film in 30 years."

SKETCH OF THE LOCATION OF HOPE'S FIVE FRATERNITIES FOR NEXT YEAR.

Harvey and Fraternities Meet to Discuss Future Housing Plans

Dean Harvey, Dean of Students, met with members from each of Hope's five fraternities before vacation to discuss plans

FOR YOUR
NEW FOOTWEAR NEEDS
TRY
**BORRS
BOOTERY**

for men's housing for next year.

The first order of the evening was the drawing of pieces of paper out of a hat which decided which fraternity would get which dorm, which are now being built on 13th street. The results of the drawing are shown in the above drawing.

Harvey announced that all men who do not live in town or do not commute would live on campus next year according to a re-

cent ruling by a committee of the Board of Trustees. In this way all on-campus housing would be filled. Freshmen and independents will live in Kollen Hall and the fraternities in the new dorms.

Each fraternity was asked to form a three or four man committee, which would act as a liaison between the administration and the fraternities in the making of further plans concerning decorations of the dorm, and the forming of dorm rules.

The decorating of the main floor lounge will be left up to each fraternity. Members from each frat will be able to plan with the interior decorator the desired style of furniture and decoration. The Dean went on to say that it would be up to each frat to spend its own money for the decorating of the room in the basement.

At the present time the administration is considering applications for the position of head resident in each of the dorms. The administration hopes to fill these positions soon, with the consent of the fraternities.

Parking for the dorms will be a block away, near the B&O railroad tracks on 13th Street.

The fraternities will have the privilege of placing men in the rooms, the dean answered to queries from the frat.

At the close of the meeting the Dean announced that he or Dr. Hollenbach, vice-president of the college, would be happy to show the plans of the dorms to the fraternities at their business meetings at anytime in the near future.

Blue Key Store Reveals Policy For Book Re-Sale

With the end of the semester, besides the deluge of people who will mob the Blue Key Book Store in the basement of Van Raalte Hall, many students will be wanting to sell their used books.

The standard policy of the book store, according to Duffy Wade, manager of the store, is that if the books are to be re-used in courses on Hope's campus, the store will return 60 percent for resale. These percentages are the fairest of any offered to students according to a recent survey by the National Association of Bookstores.

Although the Bookstore is operated in cooperation with the administration, men of the Blue Key National Honor Society spend three hours per week in the store as clerks.

The fraternity is composed this year of 16 senior men, chosen by last year's chapter for their

scholarship, participation in college activities, and leadership.

This year's officers are John Kieft, president; Jack Siebers, store manager; and Paul Hyink, treasurer. Siebers has the most time consuming job because his work consists in assisting Mr. Wade in inventory and preparing work schedules.

Other members of this year's Blue Key are Jim Bultman, Jack Jenner, David Kleis, Tom Werge, Paul Lucas, Jeff Christensen, Rick Brandsma, Sam Tomlinson, Bob Koster, B. J. Berghorst, and Gerry Wolf.

Concerning books out of print or not used at Hope, Mr. Wade said that these books are purchased, as a favor to the student, at the price given by the used book companies with the cost of handling and shipping these books absorbed by the Blue Key Book Store.

BOOKS—Tom Werge and Peg Jackson work in the Blue Key Book Store in Van Raalte ground floor.

Science Meeting To Open at Boston

Hope College has been invited to send delegates to the Seventeenth Annual Eastern Colleges Science Convention, to be held at Boston College in Chestnut Hill, Massachusetts, on May 2, 3, and 4.

The purpose of the convention is to arouse in the participants a sincere interest in the natural sciences. Boston College, now celebrating its centennial year, is endeavoring to make the convention one which will elicit the plaudits of all who attend.

The tentative schedule for the convention is as follows: Thursday, May 2, registration; Friday, May 3, guided tours of metropolitan and suburban Boston, guest lecturers at Boston College, and a dance on the campus; Saturday, May 4, student research papers at Boston College and a dinner-dance at a Boston hotel.

Fried Announces Vienna Study Plan

Arrangements for the eighth Hope College Summer School in Vienna, Austria, have been completed and detailed announcements are now available from Dr. Paul Fried, the program's director from the Dean's office.

The 1963 program will begin on June 8 and end Sept. 1. It will consist of a three-week study-tour, six weeks of resident study in Vienna, and two weeks of independent travel.

A new feature of the study-tour will be a visit to Yugoslavia. Other countries to be visited during the three-week tour include France, Luxembourg, Germany, Switzerland, Italy, and Austria.

During the six week academic session in Vienna, two weekend excursions have been planned. Students will travel behind the iron curtain into Prague, Czechoslovakia, and on another weekend will visit Salzburg, Austria to attend various events connected with the annual music festival.

Another new feature of the program will be the return flight to New York by jet plane from London at the conclusion of the two weeks of independent travel.

The Vienna Summer School program, which has been widely copied by other colleges, will continue to offer up to six hours of college credit for courses in art, history, music, German, and literature.

Courses will be taught by European professors, many of whom have taught as a part of the Hope program for several years.

Since the Vienna Summer School was established in 1956, more than 300 students from Hope and other colleges and universities have participated in its program. Dr. Paul Fried, chairman of the Hope College history department, was instrumental in establishing the program and continues as its director.

Although the closing date for

the acceptance of applications is not until March 15, Dr. Fried urges students to submit their applications immediately. Also, Dr. Fried recommends that students planning to attend the summer school should sign up for History 64, Europe in the Atomic Age, for next semester, so that they will be better prepared for the summer school.

Bruce Van Wyke was announced this week as assistant to Dr. Fried. He attended the summer school as a student in 1961 and is now at Johns Hopkins graduate school.

Dr. John Hollenbach, vice-president of college, confirmed this week that four scholarships in the amount of five hundred dollars each will be awarded to outstanding Hope College sophomores or juniors who wish to study in Vienna next summer.

To qualify for one of these scholarships students must have spent at least one year at Hope College and must plan to return to the college following their summer in Vienna. They should have an academic grade average of 3.2 or above and they must be recommended by three members of the faculty, including the chairman of their department and the Dean of men or women.

Financial need will not be primary consideration but may be considered in deciding between two otherwise similar applications. Students wishing to apply for one of these scholarships should complete the regular application form for the Vienna Summer School and submit it to the office of the President, together with a personal letter outlining their academic and professional plans, reasons for wishing to participate in the program, courses they expect to take in Vienna, economic circumstances of their family and other pertinent data. The deadline for submission of application is Feb. 1, 1963.

VIVE LA FRANCE—French children investigate the surroundings at Versailles, a dozen miles outside of Paris. Just one of the places visited on the tour.

Schrier Explains Citizen Ideals In Speech Mag.

Dr. William Schrier, chairman of the speech department at Hope College, is the author of "Decalogue For An Ideal Citizen," comprising two speeches which he gave to the Holland Rotary Club last Sept. in the Jan. 1 issue of Vital Speeches magazine.

In the combined speeches Dr. Schrier explains how citizens fall short of their ideals and lists "ten commandments" which, in his judgment, an ideal citizen should observe in his attitudes toward democracy.

The speech was sent to the semi-monthly publication by Prof. Lionel Crocker, chairman of the Denison University speech department, who had a copy. His textbook "Public Speaking" has been used by Dr. Schrier in the latter's classes at Hope.

Chem Dept. Receives Grant

The Hope College chemistry department has been awarded a \$4,000 grant by the Du Pont Company of Wilmington, Delaware, according to Dr. Gerrit Van Zyl, department chairman.

The grant is part of a \$1,780,000 "aid to education" program sponsored by the Du Pont Company for the purpose of strengthening the teaching of science and related subjects, and providing facilities for education and research in science and engineering.

Of the 162 colleges and universities participating in the program, more than 100 were named to receive grants totaling \$700,000 for the support of advanced teaching in scientific and related fields.

According to Van Zyl, \$2,500 of the grant will be used to provide nine \$250 summer school scholarships to students who plan careers in high school chemistry teaching. In addition, funds for laboratory equipment and traveling expenses for the purpose

of attending science seminars and conventions will be provided.

The remaining \$1,500 will be used to support teaching in related courses, as designated by the administration, that contribute to the education of scientists and engineers.

A. Antar Named To Mademoiselle

A Hope College senior, Aba Antar of Eastchester, N. Y., has been selected to represent Hope College on Mademoiselle magazine's 1963 national College Board.

The annual College Board competition is designed for women students with talent in art, writing, fashion, merchandising, promotion, or advertising. Miss Antar was selected on the basis of entries that showed her interest and ability in one of these fields.

As a College Board member, she will report news from her college to Mademoiselle. She is eligible to compete for the twenty Guest Editorships that will be awarded by the magazine in May. To win one of these awards she

must submit an entry to show her specific aptitudes for magazine work.

RECORD—If December's snowstorms could be considered interstate, there's a fortune to be had tossing a shovel! Not a single inch of snow fell on Holland in November, but October brought seven inches. December made up for lost time with a record snowfall in Holland of over 50 inches, reaching a peak of 32 inches by Dec. 15. (Hope's first annual Winter Carnival nearly smothered in wish-fulfillment!) The total for all of last year was 103.7 inches.

Gardner, Schrier to Perform Thursday

Two members of Dr. Cavanaugh's vocal music class will present a joint Junior Recital on

Thursday, January 17, at 8:15 in the Chapel.
Ann Gardner, soprano, and

Michael Schrier, baritone, will present a program consisting of a variety of solos and duets. They will be accompanied by Miss Roberta Brookman.

Among the solos to be sung by Miss Gardner are: "Voi, Che Sapete" from "Le Nozze di Figaro" by Mozart, "O Mio Babbino Caro" from "Gianni Schicchi" by Puccini, "Ouvre Tes Yeux Bleus" by Massenet, "A Spirit Flower" by Campbell and Tipton, and "Silent Noon" by Williams. Mr. Schrier will sing three Italian numbers called "Sebben Crudele" and "Selve Amiche" by Caldara and "Vittoria, Mio Core" by Carissimi; and three contemporary selections called "Rolling Down The Rio," by German, "The Shepherdess" by Friedell, and "In a Persian Garden" by Lizza Lehmann.

Two duets, "La Ci Darem La Mano" from "Don Giovanni" by Mozart and "Come to the Fair" by Martin will also be sung.

Geneva's Counselor Training To Include Psychology Hours

Sociology, psychology, and education majors who are interested in extending their studies while also getting some practice in applying their knowledge should look into next summer's Counselor-in-Training program.

The C.I.T. pilot program at Camp Geneva last summer met with such success that a more refined and extended program is being offered this year. Students participating in the program will work as counselors at Camp Geneva and will receive in addition to counselor's salary the tuition for up to six hours of the psychology courses offered in summer school in conjunction with the C.I.T. program.

Courses offered will be: Developmental Psychology II (38), Social Psychology (53), Field Psychology (85), and an Independent Reading course (91). Instructors will be Dr. De Haan and Mr. Brown, and the only prerequisite for the courses will be Introduction to Psychology (15).

Students interested in these courses and the C.I.T. program should apply as soon as possible since the opportunity of taking the courses this summer may affect student schedule choices for the second semester.

Students participating in the program will spend 12 weeks at Camp Geneva. During this time they will receive eight weeks of summer school instruction with four weeks designated as reading periods. The student counselors will use textbooks, will have a reference library available to them, and will spend about six hours a week in classroom discussions.

All interested students are asked to attend a meeting in Chapel 16 on Jan. 16 at 4:30 p.m. Further information on the Counselor-in-Training program will be given and applications will be made available at this meeting.

OPPORTUNITY FOR COLLEGE STUDENTS — Young people gather at Camp Geneva in the summer for study and meditation.

HOPE CHURCH

"I protest this constant, reiterated, everlasting phrase, 'finding God'; in duty, in people, in books, in stones and running brooks, in everything! I wish we would all forswear it. Let us speak rather not of 'finding' but of 'being aware.' He is playing no game of hide-and-seek, however much life looks that way. It is not his hiddenness; it is our blindness. I have never heard that he was lost. If he is, space is much too large, and eternity is much too long, for me to do much finding! Seeking him in nature! You may as well seek me in the doll's house I built once for my children. I should not like you to get from that your idea of me. My children knew me first, so they loved it!" Paul Scherer

Weekend

Weather

U. S. Weather Bureau, Grand Rapids—Moderately cold weather is expected to prevail over the weekend, with temperatures averaging a few degrees below normal. Normal high is 30-34; normal low is 13-21. There will be slight precipitation in snow flurries today and Saturday.

EXCELLENCE

It is that time of year when national news reporters are prophesying about the coming and per usual, it is the same old story of gloom and possible world disaster. By now it is like hearing the little boy cry wolf, wolf, once too often, but maybe they are still trying to convince themselves.

Here at Hope many resolutions could be made by organizations and people to do this or that, all in the idea of a better college, or some other aspiring ideal. Instead of listing or outlining resolutions, such as dancing or late per for women, etc. for organizations on this campus, or even trying to forecast what the New Year will bring—with a new President of the college taking over the helm in July, a more proper emphasis seems to be to consider what we are doing as individuals. Are we being responsible to ourselves by living and working to the best that is within us? Depending how one answers this question will determine what resolutions one can make and abide by.

It is the students' responsibility to maintain adequate standards of excellence and to force themselves to meet them. Charles F. Moore, Jr., vice president of Ford Motor Company said in a November speech to the nation's college newspaper editors.

This is a resolve that any college student should renew; it seems that it is often forgotten or lost to some other ideals that are only secondary.

The pursuit of excellence, he says, is a

professional approach to the job at hand. This means that there is "present a considerable degree of craftsmanship, attention to all the details and a fundamental integrity in the work itself."

Moore defines a craftsman as one who brings to bear to the job talent, knowledge and practice, and he emphasizes that the greatest of these is practice. Particularly as students, we should be developing talents through hard work, which "entails acquiring the knowledge one needs to do his job thoroughly well."

We have come to college to help gain a solid foundation of knowledge in order to do a more professional and workman like job. But we often forget that, even though we may be gifted, "craftsmanship demands incessant practice and all that it involves: endless repetition, constant self criticism and exasperation when performance falls short of the model."

This means that in order to maintain standards of excellence within each of ourselves, a person must be absolutely honest with himself, which involves integrity which comes from self-discipline.

We are now back to the first question: are we being responsible to ourselves by living to the best that is within us? This question can only be answered individually. But it should be remembered that this question should be asked often so that we never totally lose it from our ken; otherwise, we probably should not be wasting our time and others' time at this college.

Coming Events

FRIDAY, JANUARY 11
Arcadian Formal

SATURDAY, JANUARY 12
Motor Board Film, "The Bicycle Thief," Music Building Auditorium, 7:00 and 9:00 p.m.
Basketball game at Albion.

A new arrival will greet the students in the Kollen Hall basement this coming year. This newcomer is a 4½'x9' pool table purchased as part of a long-range plan to build up a recreation center in the Kollen Hall basement.

Rein Visscher, Hope College business manager, was instrumental in making the arrangements for the purchase of the pool table. It cost \$664.98 including installation charges. This sum will be paid back to the College by the Kollen Hall board headed by Dave Bolhuis, a senior.

The main projects to raise this money are the fireside coffee breaks, sponsored by the house board and held every Thursday night in the Kollen Hall Lounge. These weekly breaks usually

make between \$7 and \$10.

The board is hoping to get some isometric bars, and they have already started a weight lifting club for those interested. Other plans include a piano for the lounge and subscriptions for lounge reading materials.

Kollen Hall intramurals will once again be in full swing as the new year begins. Basketball games between wings will be held every Wednesday night according to Rog Abel, intramural council chairman. One round has already been played.

The handball contests are progressing well. Leading in the singles after the first round of play were wings 3-B, 1-A, 3-A, 1-B. After one round of play in doubles, it was 2-B, and 3-B out in front. Wings 3-A and 2-A have not held their contest as yet.

GARY NEDERVELD—6' 5"
senior — from Byron Center, Michigan — third year on the varsity — co-captain of this year's team — been playing the center position regularly this year and is the top scorer on this year's team.

Hope To Encounter Albion

by Dave Bach

Hope College's basketball quintet travels, tomorrow night, to Albion, Mich., where they will play Albion College at 8:00 p.m. Next Tuesday evening, Calvin College of Grand Rapids will come to the Holland Civic Center to play their classic rival, the Flying Dutchmen.

Albion's new basketball coach, Dean Dooley, saw his team lose six games this year before win-

ning. Dooley's squad now has a three game winning streak, which it compiled in a holiday tournament against Manchester and Earlham Colleges of Indiana.

Since then Albion has beaten Olivet. Coach Dooley indicated over the telephone that he is looking forward to Hope's playing on their floor. He also mentioned that he has installed a more running offense on his team this year.

"Anything can happen at a Hope-Calvin game." This was Coach Russ DeVette's final comment on next Tuesday's game.

Although Coach DeVette is correct, the coming game with Calvin does not promise to be one of the traditional see-saw battles of previous years. Calvin is in a rebuilding stage this year. Often they play with as many as three freshmen at a time. Last year they lost through graduation their outstanding trio of DeMott, Otte, and DeKyper. The Calvin team has potential, but it just hasn't been able to gel as a ball club as yet. The Knights' one and seven record bears this out.

Dutchmen Defeat Wheaton

by Ron Mulder

Hope's Flying Dutchmen soundly trounced Wheaton College's basketball team 88-73 Tuesday night at Holland's Civic Center.

The Dutch took command right from the start and gained a 36-30 half-time lead. The lead was increased to as much as 16 points in the early stages of the second half, but Wheaton's Crusaders came storming back to slice the margin to ten points. Then Gary Nederveld, rebounding, passing, and shooting at his best, dumped in six straight points. This seemed to take the spunk out of Wheaton and wrapped up the victory for Hope.

The Dutchmen hit on 44 percent of their shots and controlled both the offensive and defensive backboards by out-rebounding the Crusaders 57-39.

Nederveld led all scorers with 26 points. Glen Van Wieren, giving his usual stellar performance and then some, popped in 20 points. Vander Hill also scored 20 for the victorious Dutch.

JIM VANDER HILL—6' 3"
senior from Warwick, New York — a four year varsity basketball player for the Dutch — co-captain of this year's team — set scoring record of 43 points in a single game last year — selected two years to the All-MIAA first team.

Dutch Stage Comeback To Beat Alma 87 - 80

by Steve DePree

Paving the bumpy road to another MIAA title, Hope's fighting basketball powerhouse triumphed masterfully last Saturday night at Alma by an edge of 87-80.

Frenzied scoring action was

highlighted by four hot shooting Hope players who hit in the high double figures. Gary Nederveld and tenacious Glen Van Wieren scored 22 points each while Jim Vander Hill and Ron Venhuizen plunked in 18 and 16 points respectively.

The united control that the Blue and Orange engineered both offensively and defensively forced three Alma players to foul out, and in turn gave Hope the ball game. The Flying Dutchmen took full advantage of the fouling to provide a 27-12 point difference at the charity line.

Disaster was pending for Hope until their last 20 minute flurry in which they made up a ten point deficit and continued on to win handily. The Scots' 45-35 halftime lead was buried in a deluge of Hope scoring that netted a total of 52 points. The

squad was clashing for undisputed first place in the conference, and seemed overpowering even for a talented Alma team during the second half.

In addition to their scoring strength, Jim Vander Hill and Gary Nederveld used some brawn and spring-like leg action to steal rebounds from Alma. Gary finished with 16 while Jim picked off 12. The scoring punch along with this rebounding brought Hope abreast with six minutes remaining. Hope then utilized some added momentum to pull ahead and never again surrendered that advantage.

Ron Venhuizen and Clare Van Wieren fed the ball beautifully to Nederveld who netted an assortment of shots. Alma Center and high league scorer, Bud Acton, fouled out in the second half attempting to contain Hope's Nederveld. Acton was benched with a total of only 15 points.

Hope's coach, Russ DeVette, was delighted with the cohesive effort of the club. He mentioned that the scoring was well spread along with the effective assistance of talented reserves who filled spots during the course of the contest.

The sudden change in score caused two overzealous participants, Glen Van Wieren and John La Rue of Alma to be ejected from the game for fighting with five minutes to go in the final quarter.

The 43 percent shooting average for the Blue and Orange in the last half proved Hope's comeback abilities. This is compared to a 34 percent overall average during the sluggish first half which shows Hope's unbridled desire in their uphill fight.

Occidental Victorious Over Hope in Tournament

by Dave Grissen

Hope College's basketball team lost both of its games in the Valley Collegiate Invitational Basketball Tournament played in the Cerritos College gym in Norwalk, Cal., Dec. 20 and 21.

In the first game, the Flying Dutchmen were downed 73-62 by Occidental College. The game remained close for the first half and the teams tied three times with Occidental taking a 30-28 lead at half-time.

Occidental broke the game open in the second half, largely due to the rebounding and scoring of their seven foot center. At one point in the second half, Occidental was 22 points ahead, but Hope cut the lead to 11 by game's end.

Jim Vander Hill led the Dutchmen with 23 points while Glenn Van Wieren had 12 and Gary Nederveld 10. Hope hit on only 23 percent of its shots in the game.

The consolation game, played between Hope and Westmont College of Santa Barbara, Cal., saw the Dutchmen defeated by an 86-74 score. In this game the pattern was the same. Hope was close throughout the first half

but slipped in the second half. The score was 36-34 at intermission.

In the second half, with about five minutes elapsed, Westmont went out in front by ten points and maintained this lead. Hope was bothered by fouls and Coach Russ DeVette had to bench Vander Hill, who had four fouls with 13 minutes left to play, Nederveld, who also picked up a fourth foul midway in the second period, and Clare Van Wieren, who fouled out early in the second half. Nederveld led Hope with 18 points while Vander Hill, who was named to the all-tournament team, had 15.

Occidental College won the tournament by whipping Redlands University of Redlands, Cal., 71-42. Occidental led this game by a halftime score of 30-19.

The team arrived in California, Wednesday, Dec. 19, where they were welcomed by the Valley Christian High School Boosters Club of Bellflower, Cal., who sponsored the tournament. The members of the team were housed in the home of the Boosters during their stay in California.

In addition to playing basketball, the team went on sight-

seeing tours in the area. Points of interest they visited included Knott's Berry Farm, Marineland, Farmer's Market, and Disneyland. They also saw the Los Angeles Lakers of the National Basketball Association play a game in the Los Angeles Sports Arena.

The team flew back to Chicago Saturday, Dec. 22.

Dutchmen Fall Behind After Half To Bring Valparaiso 81-74 Victory

Hope's basketball team lost a hardfought 81-74 decision to Valparaiso University last Wednesday night at the Civic Center in Holland.

Hope played its best game of the season in trying to avenge an earlier 85-72 loss at the hands of the Crusaders. The game was tied a total of seven times and the lead changed hands on nine different occasions. The Dutch matched the taller Valpo quintet in both rebounding and shooting before going down to defeat.

A scoring surge by Valpo late

in the first half tied the score after the Dutchmen had led most of the half. The Crusaders poured it on early in the second half to take a ten point lead. Hope countered with Freshman Clare Van Wieren's twelve straight points and trailed by only one point, 75-74, with 54 seconds left. The Crusaders then scored three straight baskets to sew up the victory.

Vander Hill with 18 and Nederveld with 15 were the high scorers for the losing Dutchmen.
